

FROZEN SAFETY

Use the following tips to maintain a safe workplace:

Wear gloves.

Wear thick insulated gloves to protect your hands from cuts and frostbite.

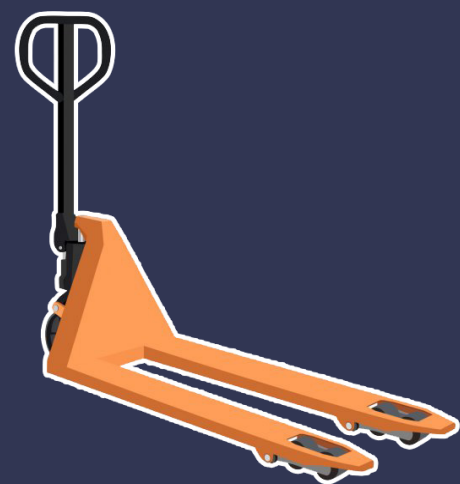

Keep it sharp.

Dull knives are dangerous. Replace utility knife blades on a regular basis.

Be aware of space.

Look out for customers and coworkers. Always pull pallets slowly behind you.

Keep it clean.

Clean up debris and spills in the freezer, backroom, and aisles to prevent slips.
